Manager Commentary

Central Bureau Statistics of Indonesia (BPS) announced Nov 2022 inflation at +0.09% mom (vs consensus inflation +0.17%, -0.11% in Oct 2022). On yearly basis, inflation was at +5.42% yoy (vs consensus inflation +5.50%, +5.71% in Oct 2022). Core inflation was printed at +3.30% yoy (vs consensus inflation +3.42%, +3.31% in Oct 2022). The monthly inflation was impacted by the inflation on volatile food group, such as: eggs, cigarette, and tomato. While the contributor of the yearly inflation came from administered prices group, such as: fuel and airfare. The BI Board of Governors agreed on 16-17 Nov 2022 to increase the BI 7-Day Reverse Repo Rate by 50bps to be 5.25% and also increase the Deposit Facility (DF) and Lending Facility (LF) rates by 50bps to be 4.50% and 6.00%, respectively. In total, Bank Indonesia had increased their benchmark rate by 175bps until Nov 2022. This decision for this policy is as front loaded, pre-emptive and forward-looking movement to lower the expectation inflation, to ensure the core inflation back to their target level at 3% on 1H 2023, and also to strengthen the Rupiah currency amid the uncertainty of global financial market. Rupiah depreciated against USD by -0.39% from 15,681 at end of October 2022 to 15,742 at end of November 2022. The depreciation of Rupiah was impacted by the strengthening of Dollar which was caused by the Fed Fund Rate hike by FED. Indonesia's trade balance recorded surplus amounting to USD +5,674mn in Oct 2022 vs previous month surplus USD +4,994 mn in Sep 2022. The higher of trade surplus was mostly impacted by the slowing down in imports number on capital & raw material goods. The exports number actually experienced declining on coal and palm oil by -23% and -37% since 1H 2022. Non-oil and gas trade balance in Oct 2022 recorded surplus USD +7,663mn, which was higher than the previous month that recorded trade surplus amounting to USD +7,094mn in Sep 2022. Meanwhile, oil and gas trade balance still recorded deficit to USD -1,989mn in Oct 2022, which was slightly lower than the deficit in Sep 2022 amounting to USD -2,100mn. Indonesia's official foreign reserve in the end of November 2022 was at USD 134.0bn, similar with October 2022 number at USD 130.20bn. The higher foreign reserve was impacted tax & service receipts as well as oil & gas foreign exchange receipts.
