Manager Commentary

Central Bureau Statistics of Indonesia (BPS) announced Sep 2022 inflation at +1.17% mom (vs consensus inflation +1.17%, -0.21% in Aug 2022). On yearly basis, inflation was at +5.95% yoy (vs consensus inflation +6.00%, +4.69% in Aug 2022). Core inflation was printed at +3.21% yoy (vs consensus inflation +3.50%, +3.04% in Aug 2022). The main reason of this monthly inflation was from price hike on administered prices group which was impacted by the first round of the fuel price adjustment by government and Pertamina. While, the better than expectation of core inflation was contributed by the decrement of global gold price. The BI Board of Governors agreed on 21-22 Sep 2022 to increase the BI 7-Day Reverse Repo Rate by 50bps to be 4.25% and also increase the Deposit Facility (DF) and Lending Facility (LF) rates by 50bps to be 3.50% and 5.00%, respectively. In total, Bank Indonesia had increased their benchmark rate by 75bps until September 2022. This decision for this policy is as front loaded, pre-emptive and forward-looking movement to lower the expectation inflation, to ensure the core inflation back to their target level at 3% on 2Q 2023, and also to strengthen the Rupiah currency amid the uncertainty of global financial market. Rupiah depreciated against USD by -2.96% from 14,853 at end of August 2022 to 15,293 at end of September 2022. Indonesia's trade balance recorded surplus amounting to USD +5,758 mn in Aug 2022 vs previous month surplus USD +4,226mn in July 2022. The higher trade surplus in Aug 2022, was impacted by the increment of export number of nickel and iron & steel. Non-oil and gas trade balance in Aug 2022 recorded surplus USD +7,741mn, which was higher than the previous month that recorded trade surplus amounting to USD +7,306mn in July 2022. Meanwhile, oil and gas trade balance still recorded deficit to USD -1,983mn in Aug 2022, which was lower than the deficit in July 2022 amounting to USD -3,080mn. Indonesia's official foreign reserve in the end of Sep 2022 was at USD 130.8bn, similar with Aug 2022 number at USD 132.2bn. The lower foreign reserve was impacted government debt payment and the need for Rupiah currency stabilization.
